

Student Behaviour Support Plan Overview

The purpose of this document is to provide parents an overview of our Student Behaviour Support systems. The full *Student Behaviour Support Plan* can be accessed [here](#). This document reflects the Brisbane Catholic Education, Student Behaviour Support expectations.

Our School Context

The Behaviour Support Policy of St Mary's College is seen as a working partnership between students, staff, parents, and the wider community. A Christian spirit permeates everything we do which is demonstrated by the development of positive relationships. These relationships show mutual respect, recognise the rights and responsibilities of students, staff, parents and the community, and promote behaviour which is both socially acceptable and which develops personal responsibility for all concerned. The human dignity of each individual is upheld by encouraging acceptance of individuality, tolerance of differences and forgiveness of one another in keeping with our faith.

St Mary's College is a faith community reflecting:

- **Service** through our respect for others and our environment
- **Courage** through our strength to do the right thing
- **Justice** through our responsible actions to ensure the safety and dignity of everyone

Our Student Behaviour Support Systems - Positive Behaviour for Learning (PB4L)

PB4L is a framework that underpins our approach to supporting positive student behaviours across the school. One of the focus areas is explicit teaching of behaviours that assists students to access learning – academically and socially - at all stages of development throughout their education.

Our Student Behaviour Support Practices

1. Clarity: Our Expectations

School-wide expectations encourage consistent communications and establish a common language for all staff and students across all settings.

Our school Behaviour Matrix (pg 3) outlines the expectations of behaviours for all students and staff to learn, practice and model. They allow us to teach proactively and to provide students and parents with a positive message about behaviours for learning at school.

2. Focus: Teaching Expected behaviour

Effective instruction of expected prosocial behaviour requires instruction, practice, feedback, re-teaching and encouragement. Instruction takes place each day, throughout the day, all year long.

In addition, direct teaching may be done using some or a combination of the following:

- Orientation and Transition Days
- Daily Pastoral Care time and Extended Pastoral Care periods, throughout the year
- General Pastoral Care

3. Responding: Unproductive Behaviours

When responding to unproductive behaviours, all staff take a positive, supportive approach that builds, maintains, and sustains relationships with students.

The positive, support strategies currently in place for responding to unproductive behaviours at our school can be classified under the three evidence-based approaches, and include:

De-escalation	Problem-solving	Restorative
Supervised calm time in a safe space in the classroom Supervised calm time in a safe space outside of the classroom Set limits Individual crisis support and management plan	Teacher – student conversation Work it out together plan – teacher and student Teacher – student – parent meeting Teacher – student – leadership conversation	Student apology Student contributes back to the class or school community Restorative conversation Restorative conference

4. Formal Sanctions

Our formal procedures are based on BCE policy guidelines and details on our procedures can be found [Here](#).
